10:82 INCHES RAINFALL HERE; MUCH DAMAGE TO CROPS OVER COUNTY

HEAVIEST RAIN EVER RECORDED IN MARYVILLE

R. R. SERVICE IMPAIRED; MANY BRIDGES WASH OUT

Many Rivers and Creeks Overflow Their Banks—Several Acres Wheat Washed Away by High Waters

The heaviest recorded rain in the history of Maryville which was general over Nodaway County fell between 4:30 o'clock yesterday afternoon and 7 o'clock this morning. J. R. Brink, official weather recorder, says that the amount was 10.82 inches. The heaviest rain ever recorded here before by Mr. Brink was July 14, 1915, when it rained 6.77 inches. Other big rains were: 5.28 inches on May 20, 1899; 6.38 inches on July 15, 1907; 5.12 inches on October 1, 1911.

Wheat Swept Away.

The One Hundred and Two River was running three-quarters of a mile wide at the state road this morning. Thousands of dollars worth of wheat in the shock was swept away along the bottoms. Farmers were powerless to save their crops and in some cases stood and watched by the flashing lightning, as they swept away last night. Had they known that the flood would come it would not have been possible to get any of the grain from the field on account of the fact that they were so wet.

Train Service Suspended

The last train to arrive on the Wabash from the east was number 3, due here at 7:40 o'clock in the evening. It arrived more than an hour late and went on through. Train number 14 on the Wabash, east bound, due here at 9:20 o'clock in the evening, left Maryville but was forced to return when it was found that the track was out five miles east of town. Number 14 was still at the Wabash station here at noon.

The morning south bound train on the Burlington arrived here about 9 o'clock this morning. The track in the vicinity of Barnard was under water. The engine was taken loose from the train and went down the track to ascertain if it were safe to take the train on. The engine returned later and the train remained in Maryville.

Water in Pumping Station

The One Hundred and Two River left its channel and spread across the bottom east of town. On the west side of the river bridge near the pumping station it stands about three or four feet deep and it also runs across the road east of the bridge.

Mayor F. P. Robinson and a number of men were called to the pumping station about 1 o'clock last night. The water had seeped into the station and stood about a foot deep over the floor. Men have been busy today keeping the water pumped out of the pumping station. The river did not get high enough to flow into the plant.

Mayor Robinson said this morning that if the rains had been as heavy north of Maryville as it was here, the high water would have endangered the pumping station.

Telephone Service Impaired

The telephone lines were damaged. The Hanamo Company report much damage and the Peoples Company had only three lines leading out of Maryville this morning of any use. The lines which were still working are those to Arkoe, Skidmore and Graham. Workmen are repairing the lines today.

Working on Wabash

Superintendent W. W. Greenland of the Wabash at Moberly was a passenger on Wabash train No. 14 last night. Mr. Greenland took charge of the work here and had section men from Shenandoah on east to Maryville to come here and also section men from Stanberry on west to go to Bedison. This passenger train traveled through water most of the way from Wilcox to Maryville last night and on arriving here it was decided to remain here during the night.

A bridge on the Wabash one and a half miles west of Maryville is being repaired this morning. About 200 yards of track near Bedison was washed out.

Highest Early This Morning

The river near here was at its height about 3 or 4 o'clock this morning. At that time it extended from the home of George Lucas to the bluffs and the new dam was covered with about twenty feet of water. The water began to fall about 6 o'clock this morning and at noon today it had fallen about twelve inches.

Mayor F. P. Robinson was called to the pumping station last night. He said that the river left the banks about 1 o'clock and thirty minutes later he was sure that the wheat in the bottoms was lost. Water had backed up through the sewers and into the pumping room. by hard work on the part of the men at the pumps and pails the water was kept from getting to the motors.

Damage to New Dam

Mayor Robinson estimated that there would be about $300 or $400 worth of damage done to the new dam. He said that this was only an estimate based upon the damage done by the recent raise in the river. There is a whiripool near the east end of the dam and it is thought that more damage will be done on the east side than on the west.

The water cut on the east side of the big lake. Mr. Robinson said that if the water had gotten a foot higher and stayed a day or so it would have ruined the big reservoir.

Reports tend to show that about three inches of rain fell from Creston to Bedford, five inches at Hopkins and about 11 inches from Pickering to Maryville.

Train Went Back to Creston

The morning Burlington train which came as far as Maryville went back at noon today to Creston. The track between Maryville and Creston is reported to be safe.

W. E. Goforth said it might be a day or so before traffic can be resumed to St. Joseph. The river was reported to be rising at Barnard and it was up to the depot.

The noon train, leaving St. Joseph at 10:05 this morning, came as far as Barnard and as the water was rising so fast, went back to Bolckow where it remained and will go back on the same schedule as the afternoon train.

Mr. Goforth said these trains would run as far as they could go and then return until through traffic could be maintained.

The track between Arkoe and Barnard is expected to be badly washed out but it might be tomorrow before it is known how badly it is damaged.

Barnard reported a 3 inch rain as did also other points south of that town. St. Joseph reported a one inch rain. Pickering had about 11 inches of rain, Hopkins about 5 inches, and from Bedford to Creston about 3 inches.

Mr. Goforth heard that the water was entering some of the houses on the east and south of the Burlington track this afternoon.

Traffic On Wabash

The passenger train No. 14 which arrived in Maryville Sunday night left here at 12:15 this afternoon, going via Shenandoah, then St. Joseph and Chillicothe and on in to St. Louis. Passenger train No. 12 from the West which arrived about forty-three minutes late will remain at Maryville until the track west of Bedison is fixed. E. L. Ferritor, agent of the Wabash, thought this track would be fixed by 5 or 6 o'clock this afternoon. Train No. 12 will then go on to Stanberry and will return this evening as No. 3.

As the wires are down east of Stanberry it was thought the Wabash is having considerable trouble at the Grand River. Pattonsburg is reported under water in the business section of town.

Rural Carriers Unable to Go

Three rural carriers were unable to serve all of the patrons on their routes today. Herman Barton on Route No. 7 was able to go as far as Eugene Lyle, southwest of town. The bridge near that place had been washed out. The Powell bridge over the White Cloud was also reported to have been badly damaged.

Dale Bailey on Route 5 served the patrons on the West side of the river as he was unable to go across the river.

Lee Auffert, substituting for Ira Bailey who is taking his vacation, was able on Route 3 to serve patrons on the West side of the river. Mr. Auffert said there were several culverts out on these roads.

Lewis E. White, carrier on Route No. 2, was able to serve his entire route. Only one culvert, one near the Sunrise schoolhouse was washed out. Mr. White reported James Patterson lost ten acres of wheat and Andrew Jensen last eight acres of wheat in the high waters of the Clear

(Continued on page 4)

REED WILL SPEAK HERE THURSDAY

EXPECTED TO ARRIVE HERE ABOUT 3 O'CLOCK.

WILL HAVE LARGE CROWD

C. M. Hay Is Making Speeches for Long During the Rest of the Primary Campaign.

Senator James A. Reed will speak in Maryville on Thursday evening at 8 o'clock. The weekly band concert scheduled for that evening will be given Wednesday evening.

Senator Reed will arrive in Maryville about 3 o'clock Thursday afternoon. He will be taken to the Linville hotel and will be entertained that evening at dinner. He will speak from the band stand in the courthouse yard and part of the street in front of the courthouse will be roped off. It is expected that Senator Reed will have a large crowd to hear him.

Reed is scheduled to speak at Gallatin this evening, Maysville Tuesday night, Albany Wednesday night, and at Conception Thursday afternoon at 1 o'clock. From Maryville, Senator Reed will go to Plattsburg where he speaks Friday afternoon and Marshall Saturday afternoon.

Former Judge L. J. Eastin of St. Joseph, grand sire, or international head, of the Odd Fellows' organization, will take the stump for Reed with a speech at Canton Thursday night, and will speak also at Perry Friday, Clarksville Saturday afternoon and Elsberry Saturday night.

Chas. M. Hay is being sent into territory where Reed's speeches are reported to have had considerable effect. One such place is Poplar Bluff, where Reed spoke to a big crowd several weeks ago despite the fact that Butler County, of which it is the county seat, was supposed to be heavily for Long.

Other speeches of Hay will be in southeastern counties, where Reed is supposed to have considerable strength. Hay is well known in these counties through having campaigned there for himself and later for Long two years ago, being in addition a native of Southeast Missouri.

At the conclusion of his analysis of Reed's senatorial record, Charles M. Hay of St. Louis in a speech at Palmyra Saturday concluded with a peroration in which he declared that the principles for which the Democrats went to defeat in 1920 still live, and an appeal to the party to remain true to those principles and Woodrow Wilson.

"A few short months ago, beyond the tragedy of a world at strife, we caught the vision of a brighter day," Hay said, "We made war on war. We plighted our faith with our brothers and sons who went forward to dare and die, and with them we resolved to carry on. They kept the faith. True to the vision and ideals of those testing times, thousands of them fell, and sleep tonight in Flanders and in France. As they fell they flung to us the torch with the challenge, 'If ye break with us who die we shall not sleep though poppies blow in Flanders Fields.' Shall we keep faith with them? Shall we carry on?

"The democracy of 1920 kept the faith. We went down to defeat but we went in honor. The principles we fought for then still live. The vision we beheld then is still ours. The leadership we followed then we follow now—the soul of the most farvisioned Democrat this nation has known. Missouri democracy has been true to that great leader. We followed him before the war when he was setting America's house in order, assuring it against the insidious attacks of peace of the tempest of war. We followed him in the early years of the war when he sought to still the storm and bring peace without a baptism of blood for every nation. We followed him, when at the end of a campaign for peace, he was forced in honor to lead us to war. We followed him with voice and hand and heart and blood, as he asserted the might of democracy against helmeted autocracy.

"We followed him after the war as he gathered the leaders of the nations together just outside the fields of blood and death and spoke to them and to the world of liberty, justice and enduring peace. We followed him as with clear vision and brave heart he offered for the acceptance of his country and great plan for international co-operation and permanent peace. We followed him in that hour when his face paled, his lips trembled and his great heart broke, in the distant west, as he held aloft the torch flung to him from failing hands on Flanders Field, and we follow him now as his broken and pathetic form moves among us to remind us of the faith and courage that were ours, and to keep alive in us the vision and the purpose that are ever his.

"In the memory of all he was and is for America and humanity, I ask, shall we desert him and his principles now? Shall Missouri's recompense to him be benediction and a blessing upon the head of his slanderer and betrayer? Shall the fathers and mothers of heroic sons who fought under his leadership place upon his brow a crown of thorns by the cruel hands of James A. Reed? Or shall they wreathe it with laurels through the generous hands of Breckinridge Long?

"Shall we say to Reed, 'Whereas you cursed Wilson before, curse him again, and hurl upon his gray hairs the curses of Missouri?' Rather let us say to Long, 'Whereas you served him once, serve him again and the immortal principles he served so well, and bear to his failing ears the thanks and the blessings of his comrades in Missouri.'"

J. J. HEIFNER TAKEN TO ST. FRANCIS HOSPITAL

Will Be Operated on for Appendicitis—Was Taken Sick Suddenly Saturday.

J. J. Heifner was taken to St. Francis hospital this morning and will probably be operated on later on for appendicitis. He is seriously ill and it had not been determined this afternoon when he would be operated on. He has other complications.

Mr. Heifner was taken sick Saturday.

MICHAEL M'GETTIGAN DIES AT HOME NORTH OF MARYVILLE

Had Lived Here Since He Came from West Virginia in 1875—Funeral Services Tomorrow Morning

Michael McGettigan, who has been ill at his home six miles north of Maryville for the past year, died about 8:30 o'clock last night. If Mr. McGettigan had lived until July 25 he would have been 64 years old. He was born in Weston, W. Va., July 25, 1858. He came to Missouri with his parents in 1875 and settled in Nodaway County on the farm on which he lived when he died. He married Miss Emma Bosch, who lived near them.

Mrs. McGettigan died about twenty-two years ago. Mr. McGettigan has farmed all his life. He was a partner of his brother James and had been active in his work until about six months ago.

Funeral services will be held at the St. Patrick's church at 9 o'clock tomorrow morning. They will be conducted by the Rev. Father H. F. Niemann. Burial will be in St. Patrick's cemetery.

Mr. Gettigan is survived by three children, Miss Sarah Agnes McGettigan, Miss Bessie McGettigan and Michael McGettigan; a brother James McGettigan and three sisters. Mrs. Katherine Krause of Weston, W. Va., is the only sister that has been located. She will not be able to attend the funeral.

Miss Sarah McGettigan has been in the hospital for the last week and will not be able to attend the funeral.

DR. O. L. CURL GRANTED A MONTH'S VACATION

To Visit Mr. and Mrs. Samuel L. Clifton at West Unity, O., and Fish In Michigan

Dr. O. L. Curl, pastor of the First Methodist Episcopal Church, was granted a month's vacation at an official board meeting held yesterday morning following the preaching services. Dr. Curl will spend his vacation in Northern Ohio visiting at the home of Mr. and Mrs. Samuel L. Clifton, West Unity, and at fishing in Michigan.

Mr. and Mrs. Clifton were married by Dr. Curl when he was pastor at West Unity during his early career as a minister. West Unity was his first station charge. Prior to the time he went there he had charge of circuits for his church. It is but a short drive from West Unity to the fine lakes for fishing in Michigan.

Mr. and Mrs. D. E. Hotchkin and children, Mildred and Ralph, and Mrs. J. L. Hepburn returned yesterday after a few days visit in St. Joseph, Kansas City and Excelsior Springs.

We learn the Farmers Exchange of Ravenwood has purchased 10,000 bu. of wheat from the farmers near town at $1.00 per bu.—Parnell Sentinel.

2 BIG EVENTS AT D. V. B. S. THIS WEEK

PICNIC HELD AND PICTURES TAKEN TOMORROW.

FRIDAY THE LAST DAY

Children Have Been Much Interested in Dramatization of Stories of the Bible.

One hundred and seventeen is the numbered enrolled at the Daily Vacation Bible School. Only those who have attended five days or more count on this summer.

The last week of the school is in full swing. Two events are on for this week. The first is tomorrow afternoon. This is the time for the regular picnic. Miss Mary MacLeod and her helpers are planning a recreational program, and others have charge of the various other things such as cars, things to eat this number.

The biggest event, though, is Friday evening when at 8 o'clock in the high school auditorium there will be the closing exercises and exhibition. The program will be a typical day in the Daily Vacation Bible School, Demonstrations of the work done in the various departments will be given. The things made in the craft hour will also be exhibited.

Today was set the time for the picture of the school but on account of the rain, the picture is to be taken tomorrow.

One of the things in which the children are much interested is the dramatization of the Bible Stories. The method is to study the story in the Bible study period, first reading it from the Bible, then telling the story in their own words, then picking their parts and trying to bring out the important lessons in the story.

At the closing assembly of this morning session the intermediate class presented the story of Peter and John healing the lame man at the Gate Beautiful of the Temple, with the trials of Peter and John which followed. Those in this class are: Noreen White, Marian Gann, Ruth Hammond, Cleola Dawson, Doris Wallace, Harold Hunt, Calvin Allen, Leland Smith and Marshall Walker.

Some of the mothers and fathers have visited the school and all who can come are urged to see for themselves what the Daily Vacation Bible School really is. The committee of the churches which is in charge of this movement in Maryville wants to make this a permanent feature of the religious education work of the summer, and wants as many as possible to become acquainted with the Daily Vacation Bible School work.

SHEEP SPECIALIST FROM UNIVERSITY HERE

R. L. Waddell Is Held up in His Plans for the Week by Condition of Roads.

R. L. Waddell, specialist in sheep raising of the agricultural extension division of the University of Missouri arrived in Maryville last night to begin his work this morning in Nodaway County conducting a series of meetings in the interest of better sheep production.

Mr. Waddell was to have worked with Roy A. Kinnaird, county farm agent. They had a schedule of meetings for different parts of the county but owing to condition of roads they are not working today. The meetings were to have been at the farm of C. R. Harmon south of Pickering and Ora E. Friend south of Hopkins this morning.

Mr. Kinnaird announced this afternoon that the meetings scheduled for the rest of the week will be carried out, if the roads permit. The schedule for tomorrow will be as follows:

Morning

8 o'clock—At A. B. Dowden farm, north of Myrtle Tree School.

10 o'clock—At V. O. Hunt farm, two miles northwest of Ravenwood.

Afternoon

2 o'clock—At J. F. McManus farm, a half mile north of Conception.

Evening

8 o'clock—At Lincoln Schoolhouse, five miles southeast of Guilford.

DR. SUN YET SEN GOING DOWN THE PEARL RIVER

Canton, China, July 10.—According to a report, Dr. Sun Yat Sen is enroute down the Pearl river for Hong Kong following a violent land and naval attack on his positions at Whampoa. Sen's reported flight followed a terrific explosion.

NEW AGRICULTURE FILMS TO BE SHOWN HERE TONIGHT

Will Be Run at the Weekly Dinner of the Chamber of Commerce at the Bainum Hotel

In connection with the program arranged by the entertainment committee of the Chamber of Commerce, four new reels of the Nodaway County Agriculture Films will be shown at the weekly luncheon which will be given at the Bainum hotel this evening.

George A. Pickens and Ralph Marcell have worked hard on the preparation of these films. They have arranged all of the pictures dealing with specific subjects into one group. All of the alfalfa pictures are together, all of the harvesting scenes together and pictures dealing with stock have been arranged according to different groups.

HOT LUNCHES FOR SCHOOL CHILDREN

MANY NODAWAY CO. SCHOOLS TO SERVE THEM THIS WINTER.

GOOD RESULTS OBTAINED

Help Pupils to Have Correct Weight and Good Health in the Rural Schools.

Many of the schools in Nodaway County are prepared this winter to serve hot lunch in the school buildings at the noon hour for the pupils. Most of the schools have practiced this for a while but discontinued it after a short time. The county health officers approve of this practice because of the good results to the health of the children.

Mrs. Grace Bean, County Health Nurse, tells of two school districts in the county which she just left which demonstrates the value of hot lunches for the children. In the two districts, both were prepared for serving hot lunches but one discontinued it because of lack of interest. In the final analysis of the children in these two districts, the school which served the lunches had only one child which was under weight and that child had moved into the district only a short time before the examination. The school which had failed to serve hot lunches longer, 35 per cent of the children were more than 10 per cent under weight.

The movement for the serving of hot lunches to the children in the rural schools is growing throughout the nation. Examinations show that in spite of the fact that children in the country are generally thought to be healthier than those in the towns it is not the case. More of them are under weight than those in the towns and they are perhaps more susceptible to disease. The serving of hot lunches at noon is one of the plans to overcome this condition.

DR. E. C. BRANIGER BUYS VERNE WRAY'S RESIDENCE

Dr. E. C. Braniger has purchased the residence property of Verne Wray at 418 East First street. He will get possession September 1. The deal was made through Hugh Strong. The consideration was said to be $5,500.

Miss Mary Lewis returned home yesterday evening from El Reno, Oklahoma, where she has spent the last month visiting at the home of Mr. and Mrs. G. M. Ricker.

50 MORE GUARDS AT MONETT, MO

MARSHALS BARRICADING SHOPS AT SLATER.

12 GUARDS QUIT WORK

Strikers and Wives Keeping Strikebreakers Away From Shops at Beardstown, Ill.

Monett, Mo., July 10.—Seven United States Deputy Marshals guarding the Frisco railway shops here reinforced by fifty county marshals. The situation is quiet but tense. Thirty-eight men are working. The normal force is 300.

Slater, Mo., July 10.—Buck Lindsey, United States deputy marshal in charge of the federal duties of guarding the Chicago and Alton railway shops, had the forces barricade the roundhouse. The situation is quiet, although rumors over sixty strike breakers would join the force already working led to threats of another marching party.

Washington, July 10—The governments attitude in respect to the railroad shopmen will probably be announced in the next twenty-four hours by an official statement from the department of justice, Attorney General Daugherty said before leaving for the White House for a conference with the President.

Lincoln, Neb., July 10—Twelve guards at the Burlington shops at Havelock walked out when called for duty. The men are said to have refuse to work because farmers and business men in a mass meeting had pledged themselves to feed the striking shopmen if they stayed out ten years.

Beardstown, Ill., July 10.—Both sides of the Burlington shops for nine blocks are lined with strikers and their wives. No strikebreakers have attempted to break through the crowd.

Topeka, Kan., July 10—Governor Allen notified all peace officers of the citices and counties of the state to prohibit parades of masked men during the present coal and railroad strike. He said that meetings where masks were worn and fiery crosses displayed would likely have dangerous results.

Chicago, July 10—Five companies of the Hundred and Thirtieth Illinois infantry with full army equipment are reported to be mobilized and secretly ordered to move immediately to the centers of disturbance down state as the industrial crisis reached a crucial stage. Their destination is said to be Bloomington or Clinton. Two companies are said to be ready in Clinton.

Springfield, Ill., July 10—Five companies of state troops were ordered to move to Bloomington by acting governor Sterling.

FIERCE WIND STORM AT MACON THIS MORNING

Macon, Mo., July 10—Trees were uprooted and electric wires dismantled and in many parts of the city there were slight damages to property, due to the fierce winds early this morning.

Ray Snodgrass Improving.

Ray Snodgrass, son of the Rev. and Mrs. R. E. Snodgrass, who injured his foot on a rusty nail about two weeks ago, is getting along nicely now. He has not walked on his foot for two weeks but it is thought that he can use it before long.

Miss Mary Ferritor spent Sunday with her aunt and uncle Mr. and Mrs. F. F. Merrigan at Conception.

THE WEATHER

Weather Report and Rainfall (Via Radio from K. C. Star)

Unsettled tonight and Tuesday. Probable thundershowers; not much change in temperature.

The rainfall reported follows:
Kansas City—1.42 inches
Topeka—2.8 inches.
St. Joseph—1.2 inches.
Chillicothe—1.40 inches.
Lawrence, Kan.—1.98 inches
Chapman, Kan.—2.7 inches.
Maryville—10.82
Harrisonville,—.72 inch
Dixon, Mo.—5 inches.

METHODIST CHURCHES TO HOLD UNION SERVICES

Will Probably Be Held One Sunday Evening at One and the Next At the Other

Beginning next Sunday the First and the Buchanan Street Methodist Churches will hold their evening services together. The arrangement was made by the official boards and the pastors of the two churches. It has not been definitely announced but it is probable that the services will be held one Sunday evening at one of the churches and the next Sunday evening at the other and that the two pastors, Dr. O. L. Curl and the Rev. B. F. Cline, wil ltake turn about in delivering the sermons.

The combine evening services will be continued throughout the remainder of July and the month of August.

GUN CLUB SCORES AT YESTERDAY'S SHOOT

The following were the scores of the shoot held yesterday afternoon by the Maryville Gun Club members:

Robinson	88—100
Yeaman	49—50
Sours	49—50
Conder	44—50
Geist	41—50
Womack	39—50
Kuchs	37—50
Kiser	23—50

ALLISON TO TAKE VACATION DURING MONTH OF AUGUST

The Rev. S. P. Allison, pastor of the First Presbyterian Church, will take a month's vacation during August, it was announced yesterday at the preaching services. He will spend a part of the time at Hollister. The Rev. Homer Neff, pastor of a church at St. Marys, O., and son of Mr. and Mrs. T. M. C. Neff, will preach one Sunday during Mr. Allison's vacation. This will probably be the first Sunday in August.

Mr. and Mrs. Hubert Goodspeed of Highland, Kansas, Mrs. Sue Goodspeed, of Mound City, Mrs. H. J. Gibson of Mound City and Miss Norma Goodspeed of Mound City spent the week-end at the home of Mr. and Mrs. Guy Bent, 424 North Walnut Street.

No Fly in Fleming's Wheat.

T. E. Fleming, near Graham, reports this morning that he has not found any Hessian fly in his wheat.

Goat Team Dedicating the Glacier Trail

This team of billy goats hitched to a diminutive prairie schooner is traveling over the Glacier Trail from St. Louis to the Glacier National park to dedicate the new auto route. It is being driven by relays of boy scouts.

REPAIRING BASEMENT AT FIRST METHODIST CHURCH

The "Heavy" Is Being Done by the Men of the Church—Want to Make Quarters Bright and Cheery

A force of men are working this week at the First Methodist Church making repairs in the basement, where considerable of the plastering has fallen off. Workmen are employed to put on the plasture but the common labor part is being done by the men of the church. The Sunday school class of E. M. Houchens is assisting in the work this afternoon and the class of Mrs. Ed Wolfers will serve supper.

Three of the departments of the church meet in the basement. They are the intermediate, junior and beginners' departments. It is the desire of the pastor, Dr. O. L. Curl, and official board and teachers and officers of the Sunday school that the quarters for these classes be as bright and cheery as it is possible to make them. For this reason the work is being done.

CAME FROM PATTONSBURG TO SPEND THE WEEK-END

Ernest Ellis, who was graduated this spring from the Maryville High School, and Lorace Landfather, graduated from the high school with the mid-year class last winter, came Saturday night from Pattonsburg to spend the week-end at the home of Lorace's mother, Mrs. Louella Landfather on West Third street. Lorace returned by motor car yesterday afternoon. Ernest started back on Wabash train number 14 last night but had to return to Maryville when it was discovered that the track was out five miles east of town.

COLLEGE CLASS PROGRAM AT CHRISTIAN CHURCH POSTPONED

The program that was to have been given at the First Christian Church last night by the College class of Dr. Fred Keller was postponed on account of the rain. The program will be given next Sunday evening instead. Dr. and Mrs. Drummond, returned missionaries of the church, will be here at that time. It is the plan to have Dr. Drummond take the place of the Rev. R. E. Snodgrass and Dr. Fred Keller on the program that has been announced. Otherwise it will be the same.

WEEKLY BAND CONCERT TO BE HELD WEDNESDAY EVENING

The weekly concert of the Maryville band will be given on Wednesday evening this week in place of on Thursday evening, owing to the visit of Senator Reed, who is to speak here Thursday evening. The weekly rehearsal will be held this evening. The program for Wednesday evening will be announced tomorrow.

TRUEMAN RAMEY INJURED IN AN AUTO ACCIDENT

Trueman Ramey, son of Will Ramey of Arkoe, was injured in an auto accident yesterday when the car in which he and Harry Froge were riding, overturned late yesterday afternoon. Ramey who is 12 years old was brought to the St. Francis hospital. His condition today was reported to be good.

John Dinsmore Breaks Arm.

John Dinsmore of Parnell met with the misfortune Wednesday to have one of his arms broken. He and Crit Richards with Eldoras Millikan as driver, turned their car over near M. L. Logan's farm while rounding a corner. The other occupants were only slightly bruised.

Mr. Dinsmore has not been in the best of health and with a broken arm it will be some time before he is able to do much.—Parnell Sentinel.

SAM O'FALLON, HOUSE SPEAKER, DIES SUDDENLY

Candidate for Missouri Supreme Judge, Ill Only 3 Days

Samuel F. O'Fallon, speaker of the house of representatives, and Rep. candidate for nomination for supreme judge of Missouri, died of heart disease in his home in Oregon at 6:30 o'clock Saturday evening. Mr. O'Fallon was well known in Nodaway County.

He had been ill in bed for three days. He was 65 years old.

O'Fallon was widely known in the state.

He had served five terms in the legislature from Holt county, and during the administration of Theodore Roosevelt was confidential inspector for the secretary of the interior.

He was president of the Citizens' bank of Oregon, Mo., and served as probate judge from 1890 to 1894. He also was a member of the committee appointed to revise the state statutes in 1899 and in 1919.

Mr. O'Fallon was born in Minnesota and came to Missouri in 1870, where he since has resided.

He taught school for four years and then began the practice of law. He was also a farmer and a stock raiser.

The speaker's career has been widely varied. One of his tasks was the investigation of land fraud cases in Idaho, Oregon and Washington and of oil lease sin Oklahoma.

Appointed an inspector of Indian schools by President Roosevelt, he served in that capacity for five years, resigning to resume the practice of law.

Mr. O'Fallon has been a member of the house in the Thirty-ninth, Fortieth, Forty-second, Fiftieth and Fifty-first general assemblies, and speaker of the Fiftieth and Fifty-first. He was a member of the Missouri centennial commission. His wife, formerly Miss Carrie E. Schulte, survives.

CHRISTIAN CHURCH REVIVAL SERVICES IN NOVEMBER

The annual revival meeting of the First Christian Church of Maryville is to be held during November, it has been decided by the official board. The date has not been definitely set but the meetings will start soon after election day. The plan is this year to have the services conducted by the pastor, the Rev. R. E. Snodgrass, with Price Doyle in charge of the song services.

Forumettes

The thing to do when
A broom will not sweep
Clean when it is new,
Is to get rid of it.

The average wife, who can't get the last word any other way, should throw the family dictionary at her husband.

Have you ever noticed that it does not make much difference how small an automobile is, all the kids can tuck themselves in some way and the family dog can find a place on the running board.

If some of the boastful self-made men could see the job they made as well as others see, they perhaps would not be so boastful.

There must be relationship between some people and goats, considering the way they are always butting in.

There is nothing new about a petting party. Just "ask dad, he knows."

The simple life sounds fine in print and we bet the majority of people who live it are compelled to by the size of their income.

Uncle Abner, the town philosopher, says it is a poor way to conquer a weakness by coddling it.

If there were more petting parties after marriage we venture to remark the divorce lawyers would not wax so rich.

We are just wondering if the flapper with bare knees wears those fringed skirts for the same reason that they used to tack long strips of paper fringe on the screen door.

Isn't it provoking to have some Maryville man talk about himself when you want to talk about yourself.

Louise, the stenographer, says a woman can often have a good time crying because she isn't having a good time.

The next thing to being witty is being able to quote another's wit as if it were your own.

A genious is a man who is able to dispose of his troubles for a consideration.

Wouldn't it be fine if we could always feel that we were duly appreciated by both our wife and our boss?

The lucky number to the average person is No. 1.

Vagrant Musings.

The reason the average doctor does not take his own medicine is because he knows better.

A stroke of good luck is almost as fatal to some people as a stroke of lightning.

The only cheap thing about getting married is the price of the license.

Women who make their own dresses must have a good knowledge of figures.

A lot of time the work of courage is done by necessity.

The Road to Yesterday.

Who of us can't remember the day when there were no electric signs on Maryville streets and when they were almost as dark as a country lane when the stores closed business for the day and turned out the show window lights.

NODAWAY COUNTY DUROCS AT TOP

F. K. Lewis, prominent farmer and feeder of Nodaway county, was in St. Joseph, Saturday with a load of choice finished hogs that sold at $10.80, top for the day and week. They were of the Duroc-Jersey type, average 209 lbs. Mr. Lewis was well pleased with the sale. He is a warm booster for the St. Joseph market in his neighborhood.—St. Joseph Live Stock Journal.

No Church Services Last Night

No evening services were held in Maryville last night at the churches. Many people were on the point of starting to church about 7:45 o'clock, during a lull in the rainfall, when it suddenly began again, and there was no other lull.

Real Estate Transfers

List of Instruments filed in the Recorder's office of Nodaway County. Beginning July 1st:

Both Phones.

Social Affairs and Clubs

L. P. Club Meeting.

The Ladies Patriotic Club of Ravenwood will meet Thursday afternoon at the home of Mrs. Mary Flynn.

Successful Club Meets

The Successful Club will meet tomorrow afternoon at the home of Mrs. Leona Linville. Roll call will be answered with jokes.

Club Meeting.

The Bloomdale Willing Workers Club will meet Wednesday afternoon at the home of Mrs. Burt Shannon. Roll Call will be responded to with quotations from the Bible.

Club Meeting Thursday.

The Rockford Community Club will meet Thursday afternoon at the home of Mrs. Noah Clemens.

Worth While Club.

Miss Edna Proctor will entertain the Worth While Club Thursday afternoon.

Ireland Industrial Club.

The Ireland Industrial Club will meet Wednesday afternoon at the home of Mrs. Ernest McDowell.

Mrs. McClurg Hostess.

Mrs. Charles McClurg will be hostess Thursday afternoon to the Bloomfield Needlework Club at her home Thursday afternoon.

P. N. C. Club Entertained

The members of the P. N. C. Club will be entertained Wednesday afternoon at the home of Mrs. Robert Garten.

Aid Society Meets

The Ladies Aid Society of the First Methodist Church will meet at the church at 2:30 o'clock Thursday afternoon.

Fortnightly Bridge Club

Mrs. Thomas Wadley will entertain the Fortnightly Bridge Club this afternoon at her home, 304 South Buchanan Street.

Ladies Auxiliary Meeting

The Ladies of the Seth Ray David Post will hold their regular meeting tomorrow evening at eight o'clock at the post rooms.

Guests at Colbert Home

Miss Marie Mills, Miss Viola Loofbrock, Alfred Ogle and Philip Colbert of Lincoln, Neb., were guests yesterday at the home of Mr. Colbert's parents, Prof. and Mrs. G. H. Colbert, 223 East Seventh street.

Lawn Party Postponed

The Lawn Party planned to be given Tuesday evening by the Young Ladies Foreign Missionary Society of the First Methodist Church has been postponed until July 18.

St. Joseph Visitors Here

Several St. Joseph people including Mr. and Mrs. William Nielson and children, Marcus and Billy, Mr. and Mrs. Lillis Hill, John Billiter and family and Mrs. Tom Summers of Denver, Colo., were Sunday guests at the home of Mr. and Mrs. Burt M. Rowley.

Dinner Guests

Dinner guests at the home of Mr. and Mrs. W. A. Burris yesterday were Mr. and Mrs. G. B. Holmes and daughter, Miss Lucile, of St. Joseph, Mr. and Mrs. O. L. Holmes and F. H. Holmes of Kansas City.

Picnic Yesterday

A picnic party was given yesterday about five miles east of town. In the party were Dr. and Mrs. J. L. Felix and little daughter, Dorothy, Misses Matie Price, Bess Curl, Audrey Craig, Harry Price, Lewis Smith and Dr. V. E. Thieoff.

Entertained at Dinner

Mr. and Mrs. W. A. White entertained yesterday at a one o'clock dinner in honor of Mrs. W. H. Davenport of Pueblo, Colo., who is visiting relatives and friends in Missouri. The guests were Mr. and Mrs. William Job, Sr., Mr. and Mrs. J. C. White, and Mr. and Mrs. Frank T. Hall and daughters, Wilma and Vivian.

Surprise Birthday Dinner

Mrs. Frank Roney gave a surprise dinner yesterday in honor of her husband's birthday at their home four miles southwest of Maryville. The guests were Mr. and Mrs. Ed Costello and sons, Byron and John, Miss Marguerite Cummins, Mrs. M. Heffern, Mr. and Mrs. John Midyett of Ravenwood, Miss Susan Swofford of St. Joseph, Miss Ellen McLarney of Hemple, Mo., Miss Ella Roney of Kansas City, Dan Scanlan of Peoria, Ill., Misses Irene and Lucile Neish of Peoria, Ill., Peter Roney and sons, Leo, Emmitt an dOllie.

Will Entertain at Dinner

Mrs. James B. Robinson will entertain this evening at a six-thirty o'clock dinner in honor of Mrs. Caroline Ballentine of Washington, D. C., who is a guest at the home of her sister, Mrs. W. A. Rickenbrode, and Miss Cora Snapp, New York City who is visiting at the home of her uncle, N. Sisson. The guests will include Mrs. Kate Ardery of St. Joseph, Mrs. Charles F. Lamkin of Keytesville, Mrs. W. P. Francisco of Clinton, Mrs. Ray S. Wilfley of Steele City, Neb., Mrs. Fred P. Robinson, Mrs. M. A. Peery, Mrs. J. R. Brink, Mrs. Uel W. Lamkin, Mrs. George L. Wilfley, Mrs. C. T. Bell, Mrs. L. M. Eek, Mrs. W. A. Rickenbrode, Miss Mabel Todd, Miss Helen Todd and the honor guests.

Mowry W. W. W. Club

Division No. 3 of the Mowry W. W. Club met at the home of Mr. and Mrs. Stewart Robinson Friday evening with Mrs. Stewart Robinson, Mrs. Carl McArthur, Mrs. Emma Loch, Mrs. James Clayton and Mrs. Frank Hinton as hostesses. The evening was spent playing games after which refreshments were served. Those present: Mrs. Emma Loch, Mrs. J. F. Hanna, Mrs. John Swaney and children, Mr. and Mrs. Frank Hinton and children, Mr. and Mrs. Walter Runnels and children, Mr. and Mrs. Jim Neal and son, Ervin, Mr. and Mrs. Lester Hood and children, Mr. and Mrs. Albert Simmons, Mr. and Mrs. James Clayton and children, Mr. and Mrs. Carl McArthur and children, Mr. and Mrs. Shan McGuire and children, Mr. and Mrs. Irvin Loch and son, Paul, I. N. Wray, Maxine Simmons, George Ashford, Alma and Thelma Cline, Naomi Swaney, Violet Robinson and Mr. and Mrs. Stewart Robinson. The next meeting of the club will be held July 20 at the home of Mrs. Frank Hinton.

Euchre Parties

Mrs. N. Sturm, Miss Clara Sturm and Miss Della Grems entertained Friday in the morning and the afternoon with six hand euchre parties at the Sturm home, 503 South Main street. The rooms were attractively decorated with garden flowers and prizes were given to the holders of the high scores and favors were given to Mrs. Forrest T. Gilliam and to Mrs. Fred R. Wolfers, recent brides and Miss Mildred Bellows who is to be a fall bride. The out of town guests were Mrs. Frank Flynn of Kansas City, Mrs. Cleav J. Funk of Omaha, Mrs. John Saberton Long of New Orleans, Mrs. Edgar Schilder of Syracuse, N. Y., Mrs. C. C. Banks of Minneapolis, Mrs. Paul Ream of Kansas City, Mrs. N. C. Covey of Pueblo, Colo. Mrs. Frank G. Shoemaker, Jr., of St. Louis, Miss Bess Smith of San Francisco, Cal., Mrs. John I. Hoffman of Pittsburgh, Pa., Mrs. Charles F. Lamkin of Keytesville, Miss Cora Snapp of New York City, Mrs. W. P. Francisco of Clinton, Mrs. Ike Thomas Pryor Jr., of Fort Stockton, Texas, Mrs. Cora Clary of Clearmont, Miss Nellie Douglas of Los Angeles, Cal., Miss Dorothy Dale of Union Star, Mrs. Carl Marxer of Des Moines, Mrs. Ova Goff of Barnard, Mrs. Caroline Ballentine of Washington, D. C., Mrs. Kate Ardery of St. Joseph, Misses Mayme and Anna Dooley of St. Joseph, Mrs. John La Mar of St. Louis, Mrs. Ray Wilfley, of Steele City, Neb., Mrs. Edwin F. Caldwell of Burlington Junction and Mrs. Howard Garrett of Wilcox.

Those who assisted the hostesses were Mrs. M. K. Garrett, Mrs. Fayette Bellows, Mrs. D. J. Thomas, Mrs. Eldon Irvin, Mrs. Ova Goff, Miss Dorothy Dale, Miss Lenora Schumacher and Miss Jennie Garrett.

Mrs. Cook Hostess.

Mrs. James F. Cook, 614 South Buchanan street, will be hostess to the Penelope Club Wednesday afternoon at two thirty o'clock.

Picnic Party

A picnic party at the State Teachers College park Saturday evening was composed of Mrs. Leo Campbell of King City, Miss Mary Morrison of Creston and Misses LaVora Hudson, Iris Weldon, Florence Dunn, Edna Turner, Elvira Ward, Veturia Faubion Lena Copeland, Augusta Quell, Naida Clark, and Myrtle Hutchison. Mrs. Campbell is visiting her sister, Miss Edna Turner, and Miss Lena Copeland.

Basket Dinner.

A basket dinner was given yesterday at the home of Mr. and Mrs. Joe Miller of Barnard. Those present were Mr. and Mrs. M. J. Vickory and children, Mr. and Mrs. Curtis Robinson and family, Mr. and Mrs. Earl Vickery and family, Mr. and Mrs. Fred Stalling and family, Mrs. J. H. Miller of Creston, Iowa, and John Ewing of Creston, Iowa.

A PLEASANT PLACE FOR GENTLE FOLKS.

Many Fashions Are Set By "They Say"

Fashion and beauty have been the subject of a lecture by the Marquis de Montferrier at the Cercie de l'Union Artistique, known familiarly as the Cercle Epatant.

Where, and by whom, asked M. de Montferrier, are fashions set? The question is never satisfactorily answered. Women are told, and tell each other, that "they" say this or that fashion will be worn. No closer precision is ever given. The name of some dressmaker is attached to a certain model, but whence came the inspiration to make that model is not specified. Desire for a change is at the back of all fashions. No woman loves her clothes a little and for a long time. She is ever demanding something new and never has "a rag to put on her back." This is a classic tag, not peculiar to the women of any one country. Yet clothes have a national voice, as M. de Montferrier pointed out. It is easy to distinguish French, English or Italians, though they all may dress in Paris.

By a series of pictures thrown on the screen M. de Montferrier showed that absurdities have prevailed in fashion ever since dress has been recognized as a part of the social armor. From the days of the Bourbon kings to those of the Republic, typical illustrations were given of fashion's successful and unsuccessful productions. It was comforting to see how foolish women were in the days before they were emancipated. Modern models were shown by living women, and they compared favorably with those shown on the screen.

Lasher Community Club

The Lasher Community Club gave a picnic yesterday at noon at the College Park. Among those present were Mr. and Mrs. George McMurry and family, Mr. and Mrs. Charles Barrow and family, Mr. and Mrs. George Aley, Mr. and Mrs. Dan O'Grady, Mr. and Mrs. Will Job, Jr., and children, Mr. and Mrs. Will Dempsey, Mr. and Mrs. Homer Worl, Mr. and Mrs. C. L. Wells and family, Mr. and Mrs. O. J. Willhoyte, Mr. and Mrs. Henry Finn and daughter, Mr. and Mrs. Lewis Selter, Mr. and Mrs. John Stelter, and daughter, Mr. and Mrs. Emmett Scott and children, Mr. and Mrs. Jess Smith and children, Mr. and Mrs. Karl Zimmerman and children, Mr. and Mrs. L. E. Gault, Mr. and Mrs. O. L. Job and daughter, Mr. and Mrs. Sidney Masters, Mr. and Mrs. Byron Masters, Mrs. John Herron, Mrs. Ida Persons, Mrs. Clark Scott and daughters, Mrs. Helen Strauch, Mrs. George Masters, Misses Edna Turner, Ola Zimmerman, Myrtle Lanning, Daisy Allen, Ella O'Grady, Lucile Masters, Nellie Strauch, Grace Sallee, Eva Honer, Sadie Aley, Lenora Willhoyte, Sarah and Thelma Garrett, Nora Adams, Ray Zimmerman, Harve Masters, Ray O'Grady, Will O'Grady, Frank Peace, Rolland Garrett and Joe Honer.

DIDN'T CARRY OUT THE JOKE

Young Man Probably Was Wise in Not Impersonating the "Family Ghost" for Butler's Benefit.

Among the guests at an English country house one Christmas was a young gentleman who claimed to be able to "read character at a glance."

"Now, there's your butler," he remarked to his host. "I've seen little of the man, but I would undertake, by merely playing the family ghost, to frighten him into a fit!"

"I don't think you would!" laughed the host. "Anyhow, you have my consent to try!"

The young fellow declared his intention to do so, but as he didn't wish to overdo the thing, he determined to drop a word of warning to the butler.

"I say, Briggs," he whispered to that individual on meeting him in the corridor, "you haven't seen the family ghost, have you? I'm told that he invariably walks on Christmas eve, y'know!"

"Thank you for the hint, sir," calmly replied the butler. "One hint should be worth another, sir, and"—here he dived his hand into a back pocket, and produced a wicked-looking revolver—"here's one for the ghost if you should see him first, sir!"

The young gentleman decided that, after all, he couldn't carry the joke any further.

Magna Charta Draws Visitors.

After 700 years, Magna Charta remains the most popular British manuscript. Last year 14,000 persons went to the British museum to see it. Americans invariably ask to view the famous charter which insures Englishmen their rights, according to the museum custodians, but other foreigners take more interest in the papal bull, which is displayed next to it.

Heavy green blinds are kept over the precious parchment to exclude the full light rays and thus prevent deterioration, but are lifted to show the charter to admiring pilgrims.

Most persons are disappointed at not seeing King John's signature, according to an official at the museum, but they seem satisfied when they read the script that it was "given by our hand in the meadow which is called Ronimede, between Windlesor and Stanes, on the 15th day of June in the 17th reign of our reign. (1215.)"

Women in China.

In the New International Encyclopedia, edition of 1902, the following statement was made: "In China proper not more than 6 per cent of the men and 2 per cent of the women can read an ordinary book." But a great advancement in the education of women has been made during the last twenty years. The Encyclopedia Americana, published in 1920, says: "Until very recently, female education, so far as it existed, was mainly a private or a family affair. Of late years, largely through missionary influence and example, the education of women has made surprising progress, and the tendency is now strongly toward more equality in intellectual training without regard to sex."

Gas Has 2,000 Industrial Uses.

Artificial gas is lightening the labors of housewives in the homes of 40,000,000 Americans, and is the "silent partner" of industry, where it has upward of 2,000 uses. The vast sum of $4,000,000,000 has been invested in the plants and equipment. Approximately 4,000 communities now have gas, the mains being equal in mileage to nearly three times the circumference of the earth. It is used in more than 7,000,000 cooking stoves and appliances, 1,500,000 water heaters and 1,000,000 gas heaters and has become so necessary to industry that thousands of manufacturing plants would be forced to close if the gas companies were unable to continue to supply them with gas.

A Matter of Policy.

"I just saw your wife out in your neighbor's motorcar. Why don't you take her out in your own?"

"Oh, we've just made our wills in each other's favor."

Our Annual July Clearance Sale Is Now On

Our Annual July Clearance Sale was launched Saturday. Many took advantage of the low prices that now prevail.

These Annual Clearance Sales are the only events in which our entire stocks are placed on sale at greatly reduced prices. Plan to supply your needs before this Sale Event closes. The sale will last for two weeks.

Visit the Tea Room in the Downstairs Store—light lunches, ice cream, ices and cold drinks. Clean, Cool and Comfortable. The Tea Room is Open in the Evenings.

A BUSINESS COUPE FOR BUSINESS MEN

This car represents a new and important achievement in commercial transportation.

For the first time in motor car history, business men are enabled to buy a closed car, the body of which is built throughout of steel.

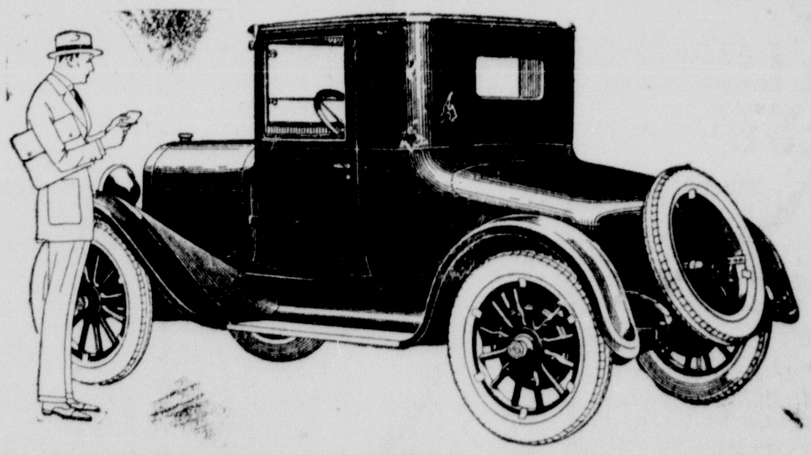
The advantages of this all-steel construction—reserved until now to open cars—are particularly marked in a coupe built to weather the wear and tear of hard commercial usage.

Immediately you will be impressed with the beauty and lightness of this coupe. Time will convince you of its unusual stamina. The doors snap neatly shut. Body squeaks are eliminated. Dodge Brothers enamel is baked on the surface of the steel—a permanent lustrous finish, impervious to wear.

The interior is roomy and thoughtfully equipped with every appointment necessary to the owner's comfort and all-weather protection.

Business houses that equip their salesmen with motor cars have been quick to recognize in this coupe a very unusual investment.

Maryville Motor Co.



10:82 INCHES RAINFALL HERE

Continued from page 1

Creek.

Rain At Arkoe

The river at Arkoe was still rising at 1:30 o'clock this afternoon at that point. The river was about one mile wide there.

The river bridge, east of Arkoe, was reported to be washing out. The east side of the bridge is gone and it is thought the west side of the bridge will be taken. The river bridge near Bridgewater is also reported to have been partly washed out.

Curtis Robinson of near Arkoe is reported to have lost two mules and a horse in the high waters of the 102 river.

The Burlington track near Bridgewater is under three to five feet of water. At several places between Arkoe and Barnard, the track is covered with water. There was a bridge out on the Burlington about three miles south of town. A gang is working at that place today.

12 Inches at Ravenwood

Ravenwood reported they had a 12 inch rain last night. The Platte river is very high, the highest it has been for a number of years, and it is impossible to cross the river. Several bridges are reported to be in bad shape. Parnell is reported to have had as much rain as Ravenwood.

Stock Lost in High Water

There were serveral reports today about the farmers losing stock by drowning in the high waters. Karl Zimmerman was reported to have lost fifty head of sheep in the White Cloud. Joseph Jackson was unable to find six or seven hogs of his stock at his farm near White Cloud. R. P. Hosmer and Will F. Phares thought they had lost about seven head of hogs from their farm on the 102 river.

A report which could not be verified was that a car load of hogs was drowned in the yards at Pickering by the high water.

The river is reported to be receding very fast this afternoon.

Township Culverts Out

Trustee Burt M. Rowley of the Polk township board said nearly every culvert and bridge in Polk township will need attention at once. Fills were washed out as well as culverts, part of bridges were taken out. The bridge over the White Cloud near the Scott place was washed about a foot off of its piling.

Trustee Rowley had four gangs working this morning on culverts and fills.

No Report on County Bridges

Owing to the telephone wires being down, no word has been heard from over the county in regard to bridges. It is thought a number of bridges have been washed out. Since the county is about $90,000 over drawn now in the bridge fund, it will take many thousand dollars to put in and fix the bridges.

No estimate as to the damage to the county bridges could be obtainable but it is thought that the proposition of submitting a bond issue for the purpose of building bridges may be submitted. There has been some agitation of this kind for some time. With the county nearly $90,000 overdrawn in its bridge fund and no money to put in bridges or make the necessary repairs, it will be necessary for something to be done about a bond issue.

Many Motorists Caught in Rain

Many automobile parties spending the day out of Maryville got caught in part of the rain. Mr. and Mrs. T. J. Penisten, Martin Penisten and Miss Jamie O'Dell left Creston yesterday afternoon at 2:30 o'clock. It was sprinkling at that time. They arrived in Maryville about 6 o'clock last evening.

An automobile party, composed of Mr. and Mrs. C. W. Yehle, Cleo Yehle, Lawrence and Anselm Schumacher, had gone to Camp Seckington on the Grand River near Albany. The party got as far as Ravenwood last evening and were still at that place today at noon.

William Neilsen who visited in Maryville yesterday left here about 7 o'clock last evening and reported he had no rain south of Barnard.

Deputy County Clerk Fred Wright, who spent Sunday in Quitman, left Quitman in his car about 5:30 o'clock yesterday evening. There had been no rain at Quitman up to that time. Mr. Wright encountered trouble near Sand Creek and it was 8 o'clock before he arrived in Maryville.

Elmo Had 4½ Inches.

J. C. Piper and Grant Elrod of Elmo who came to Maryville at noon today on Wabash passenger train No. 12 reported that community had about 4½ inches of rain during the night. It commenced raining at that place about 6 o'clock yesterday evening and kept it up during the night. All of the creeks and ditches were out in that community but so far as known no bridges were reported washed out.

Mr. Piper says Malvern reported a 5½ inches of rain during the night. Shenandoah also had a heavy rain as well as other points along the Wabash to Omaha.

The Nodaway river was only bank full this morning.

Burlington Junction reported about the same amount of rain as Elmo.

Skidmore Had 7 Inches.

Skidmore reported seven inches of rain last night. Several bridges in that community are reported to be in bad shape. The fills and approaches to a number of bridges were washed out in the Skidmore community. While the Nodaway river is bank full yet it is said to lack about four to five feet being as high as years ago. The river at that place is about one-half to three-fourths of a mile wide.

The Burlington had about 2,000 feet of track washed out between Skidmore and Quitman. There has been no train service on that branch today.

The high waters of the Florida creek near Skidmore took a big hay stack from the J. F. Kellogg farm about a quarter of a mile. The Florida Creek was reported to be as high as it has ever been.

The parsonage of the Burr Oak church was struck by lightning but not much damage was done.

Township Board is Working.

The Polk township board with John Halasey as supervisor is very busy today. They had fixed up two bridges at noon today and will have another bridge ready by this evening.

Stanberry Had Heavy Rain.

Frank P. Reuillard who has a bakery at Stanberry received word this morning from Andy C. Thompson, who is in charge of his shop there, that Stanberry had a very heavy rain and that Wild Creek, near Stanberry, was four feet higher than it ever had been. The oven in the bakery, Mr. Thompson reported, was completely surrounded by water.

STORM NOTES

Storm Notes

John Halasey, living north of the city, reported the rain at his place at 13 inches. Mr. Halasey said the rain in a straight up and down cream can measured that much this morning.

The bridge over the White Cloud Creek, a half mile south of the McGettigan corner, was not passable this morning because of washes on each end of the bridge. There was about a three feet wash on the south side of the bridge and about eight feet washed out on the north side of the bridge. John Halasey, township road overseer got busy this morning with workmen repairing the wash.

The fill at the Rodger's corner, two miles north of the Bovard corner is damaged for a distance of about 100 feet. Water cut the fill on the west side of the road.

Reports are that the telephone lines and the poles are badly down between the Bovard Corner and the McGettigan corner, where the roads had been dragged they have washed badly and the banks have caved in. in some places the cave-in has been so bad that the fence posts have been unearthed.

The oats have suffered more from the storm than any other crops, it is thought. They were badly beaten down. Much corn was beaten down but it is the opinion of the farmers that it will straighten up again. Corn ground was badly washed too.

A number of people were busy pumping the water out of their basements this morning. Among those reported busy at the pumps are Ed. Wallace, R. G. Smith, W. W. Randall, Roy A. Kinnaird and E. L. Padgette.

Many of the roofs on Maryville, in spite of the fact that they were thought to be in good condition did not shed all the heavy rain. Water came through and soaked through the plastering.

Two boys who had been out calling ran into a confectionery store for shelter on their way home. After waiting a long time they decided that the best way to save their clothes was not to wear them home. Accordingly they stripped to their B. V. D's. and ran home thus.

Wheat in the shock was drenched through and through. It is probably that it will be necessary to tear the shocks apart in order that they may have a chance to dry out. A continued spell of cloudy and wet weather now would start the grain sprouting in the heads.

It is reported that only about 2 inches of rain fell at Rosendale and between 2 and 3 inches at Barnard. The water rose 4 feet in the home of Ed Patton, four miles west of Barnard on the White Cloud Creek.

Pumps were kept busy from 11 o'clock last night until 6 o'clock this morning pumping the water out of the basement of the power plant of the Maryville Light Company. Water ran down Buchanan street and across the sidewalk and into the basement window. It began running into the building yesterday afternoon. When the water was the deepest in the basement it stood about four feet deep.

The home of Bert McKee, in the Harmony neighborhood, was struck by lightning during the storm. The roof was badly damaged and the water poured into the home so rapidly that holes were bored in the floor to keep the house from being flooded. The members of the family were not hurt by the lightning. The house did not catch on fire.

Lightning struck a chimney on the roof of the building occupied by the Dryer and O'Grady cleaning establishment on east Third street. A flue stop was blown out and much dirt fell to the floor but no damage was done.

George Lucas, who lives on the north side of the State road just east of the One Hundred and Two River, lost forty-five acres of wheat. He says that he did not have any insurance and that he believes that the loss will be a total one, in spite of the fact that some of the shocks may be lodged on fences about the fields. R. E. Allen lost about thirty-five acres and U. S. Wright lost forty. It was estimated that the wheat of these three men would have yielded about thirty bushels to the acres.

Carl Wray and a party of three from Guilford who were on train number 14 that was stranded here last night by the high water took a car this morning and drove to Arkoe. It was their plan to cross the river at Arkoe in a boat and meet a car on the otherside and go on home. The latest report showed that they reached Arkoe without any accidents over the muddy roads.

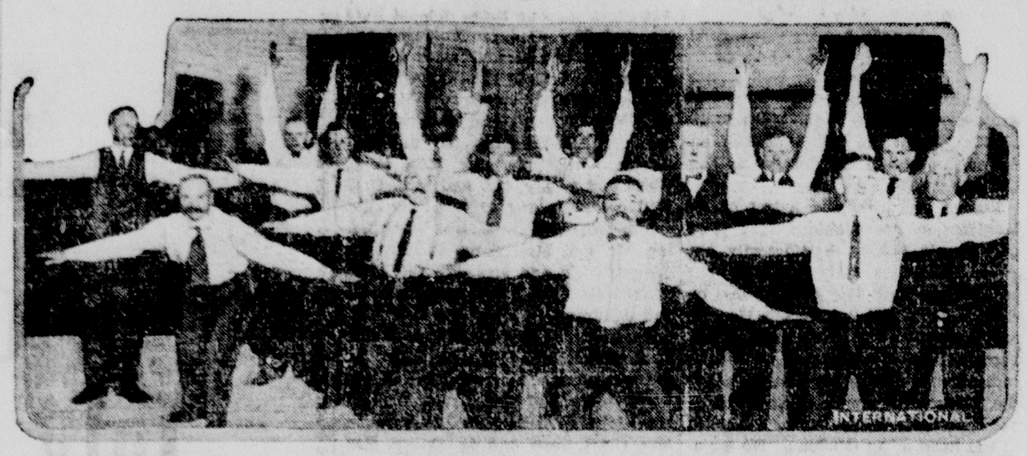
A party in a motor car became stranded on West Third street last night in the water that the little creek was sending over it. The water was so deep that it drowned the engine.

A Ford touring car slid out of the road on the State road just east of the tunnel under the Wabash track. The occupants were forced to leave it as the water rushed down the road so fast that it ran into the body of the machine.

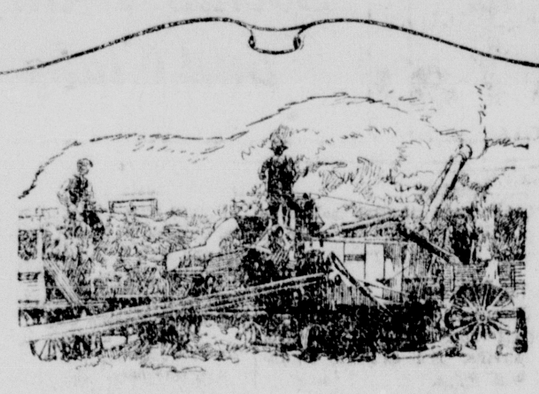
Some of the farmers do not believe that the corn in the bottoms that has been overflowed is hurt so much, as it is not large enough to be greatly damaged yet.

Miss Grace Ferritor returned Saturday from a visit with relatives and friends in Moberly.

Len Small Jury Is Kept in Good Condition



The jury in the case of Len Small, governor of Illinois, who is being tried on a charge of looting state funds, at Waukegan, is kept fit by regular set-up drill in a gymnasium.



Why Fordson Farming Is Big Yield Farming

FORDSON farmers have an adequate amount of power available for all farm operations. They can plow at the time when plowing does the most good. They can harrow, drill, cultivate, and harvest without delays and so save all their crops in the best of condition. That's why their crops are bigger. That's why their crops sell at higher prices.

Only one-ninth of the wheat in one of the biggest wheat states grades No. 1 or No. 2. The loss in grade is between harvest and marketing, and most of this loss is caused by delays in threshing. But, this doesn't need to happen on a Fordson farm. With a Fordson and a Wood Brothers Individual Thresher, you don't have to wait your turn. You can thresh when the grain is in the best condition and when it will grade well on the market.

The Individual, being Standard Fordson Equipment, is in the price class that makes it economical for every Fordson farmer to own one. Often five or six go together in buying.

It wasn't a case of cutting down a big thresher to fit the Fordson. The Individual was built from the ground up to take its place as an important part of this new system of farming. It saves all the grain. It is fully guaranteed,

Barmann Auto Co.

The latest improvements in economical farming tools are always to be seen here at Power Farming Headquarters.

Poor Richard Said-

A PENNY saved is a penny earned." In his day, pennies were as large as our quarters. Yet all the pennies in the world wouldn't have taken Poor Richard to a movie, bought him a flivver, or paid his street car fare. The pennies of a hundred years ago were not as big in buying power as those of today.

But Poor Richard's advice is still good. And it is no less valuable when applied to dollars instead of cents.

Every year you spend a large proportion of the money you earn. So much for clothing. So much for shoes. So much for things to eat, house furnishings, garden seeds, tools and what not.

There's just one way to save money in making your purchases. Know what you want before you buy. Read the advertisements.

They tell you what is new and good. They tell you where and when to buy to best advantage. They help keep you posted on what the stores and manufacturers are offering.

ead the advertisements. They save money and earn money for you.

"There's No Place Like Colorado After All!"

Colorado is as big as all New England, with Indiana added; two-thirds is mountainous—100,000 square miles contain 155 peaks that are more than 13,000 feet high. Within the state there are 500 lakes—large and small; 6,000 miles of running water, born of snow and filled with fish. Mineral springs abound—no one knows how many there are. Every railroad line is an excursion line. Motor highways radiate in all directions.

Obviously, in such a region, vacation possibilities are boundless. Colorado IS America's Grandest Mountain Playground.

Where to go? There are a thousand different places! When to go? Any time! This summer, when your'e tuckered and seeking escape from the heat and dust, get out and under that magnificent cool blue Colorado sky. Get the tang of the mountain air and the spicy smell of pine in your nostrils. You will not have to ask anybody whether it was the right thing to do.

How to go? Oh, just climb aboard one of our luxurious limited. Don't think of Colorado as "Way off yonder"—It's right next door and the journey there is intensely interesting.

Vacation costs are down. This year your travel money goes much farther. Make 1922 memorable for its perfect vacation. Come in and see me about it.

Produce Review

Movement of live poultry has been heavier than usual for this time of the year and as the demand for dressed poultry has fallen off to some extent, prices have worked to a lower level. It is the opinion of some of the trade that prices for poultry during the past few years have been higher relatively than for other kinds of meat, and for that reason, some are predicting lower values for all kinds of poultry for the entire season.

The quality of eggs being shipped at the present time is somewhat better than a week or two ago, on account of more favorable weather. The supply arriving at consuming markets is still greater than the demand, and surplus stocks are going to storage. Indications point to an extremely large surplus in storage July 1 over the same period last year, and the trade generally looks for reasonable values to continue throughout the remainder of the year.

Butter production is showing further decrease on account of pasturage conditions, but as there were heavy rains throughout a large portion of the producing territory last week, the decrease from now on should be more gradual. The demand continues good for butter for consuming purposes and for storage. The export demand which existed a few weeks ago has, for the present been taken care of.

'Tis Me! 'Tain't Me!

Now get this—it's good.

Two sets of twin brothers occupy their time in the business life of Indianapolis. One set is Louis and Andrew Hoover, as alike as the aces on a pair of dice. The other is William and Charles Small, as similar as bananas.

Lou Hoover knows Bill Small, but he doesn't know Charles.

Charlie Small knows Andy Hoover, but he doesn't know Lou.

The other day Lou Hoover met Charlie Small on the street.

"Hello, Bill," said Lou.

"There you are, Andy, all messed up again. I'm Charlie not Bill."

"Well, you haven't anything on me. I'm Lou, not Andy."—Indianapolis News.

A Serious Matter.

"I suppose," said the cross-examining lawyer, in his snappiest manner, "that you remember the date of your birth?"

"Certainly," said the witness with a bored air. "Every man remembers his birthday."

"A newly born infant has no memory. Now, sir, how do you know that it wasn't a day sooner or a day later, or a week, or a month, or a year than the date you have in mind?"

"Why—er—ahem—I've been told—"

"Exactly. You've been told, but you don't know. Step down. Gentlemen of the jury, this is the kind of witness who has testified against the unimpeachable character of my client."—Birmingham Age-Herald.

Forage Crop Pays.

As a result of systematized regulation by the United States forest service, the forage crop of the national forests is now returning an annual income to the federal treasury of close to $2,500,000, says the American Forestry magazine. By a system of range allotments under which nominal grazing fees are charged, the forest service has brought the national forest ranges under practical and profitable administration.

The Pitcher and the Well.

"Did you participate in many engagements while in France?" asked the interested old lady.

"Only five," replied the ex-A. E. F.-er with becoming modesty.

"And you came through them all unhurt?"

"Not exactly," he returned sadly. "I married the fifth."—American Legion Weekly.

HARDING GIVES FINAL ULTIMATUM TO COAL MINERS

Washington, July 10—President Harding delivered the Government's final ultimatum on the warring coal miners and operators. At a brief White House session he informed them that if the coal mining activities were not resumed immediately they must submit their disputes for arbitration to a commission appointed by the Government. A clear intimation was conveyed that if they failed to agree to this the government would make good its threat of last week to seize the mines and operate them.

Riley M. Cochran and wife and small son and Garland N. White drove Saturday evening to Bethany, where they spent the week-end. They returned to Maryville yesterday evening, being caught in the storm several miles east of Ravenwood. Mr. Cochran is principal of the High School at Bethany and is teaching bench work in the department of manual arts in the State Teachers College this summer.

County health officers were unable to go to Graham today to conduct the health clinic. They will go to Pickering for a clinic tomorrow if the roads will permit.

Mother-To-Be, Read This—

Here is a wonderful message to all expectant mothers. When the Little One arrives, you can have that moment more free from suffering than you have perhaps imagined. An eminent physician, expert in this science, has shown the way. It was he who first produced the great remedy, "Mother's Friend." Mrs. C. J. Hartman, Scranton, Pa., says:

"With my first two children I had a doctor and a nurse and then they had to use instruments, but with my last two children I used Mother's Friend and had only a nurse; we had no time to get a doctor because I wasn't very sick—only about ten or fifteen minutes.

Note: Write for valuable free illustrated book, "Motherhood and the Baby," containing important authoritative information which every expectant mother should have, and all about "Mother's Friend," to Bradfield Regulator Company, BA-23, Atlanta, Ga. "Mother's Friend" is sold by druggists everywhere.

GOOD MEETING AT C. MEYERS FARM

SAID TO BE ONE OF BEST HELD IN COUNTY.

USE OF IMPLEMENTS

Those at Gathering Were Treated to Ice Cream by Mrs. Meyers—Had Ripe Peaches.

One of the most successful agricultural demonstrations which has been held in Nodaway County was at the home of Clem Meyers, near Conception, yesterday afternoon. Demonstrations of liming ground preparatory to the growth of alfalfa and cultivation of alfalfa were given as well as talks by men who had given fifteen and twenty years to the propogation of the crop in this community. Mrs. Meyers knows how to please the men and those who attended the meeting yesterday will vouch for her ability to make ice cream.

Men from all over the county attended the meeting. Those who were there from Ravenwood and Guilford were perhaps went farthest to attend the meeting. Twenty-five or thirty men in all attended the demonstrations.

Mr. Meyer began about twenty years ago trying alfalfa as a crop. He has tried liming and the different kinds of alfalfa seed. He says that when he applies limestone to his soil before sowing his crop he gets a good stand and a more thrifty growth of alfalfa the first year than he does where he sows the seed without limestone. Without the limestone it drags along a year or so before it gets established.

Sometimes he has his ground to yield as high as six or seven tons of alfalfa to the acre during the season's. He has tried the Kansas grown seed and certain strains of the Hardy Dakota grown seed but he thinks that he gets a larger yield from the hardy northern grown seed than from the Kansas seed.

Elmer Fraser of Maryville told of his experience in growing alfalfa. He has grown this crop for about fifteen years.

A limestone spreader and a spring tooth harrow was used yesterday afternoon as a demonstration and the men who were not familiar with the use of these two implements in the propagation of alfalfa were given the opportunity to see them work.

Mr. Meyers recommends the use of the spring tooth harraw for cultivation after each cutting to keep the field clean and free from blue grass.

After the demonstration in the alfalfa fields Mr. Meyer took the men to his field of clover. He has tried the common biennial white clover and the common white or Huban clover. He thinks that the Huban clover is much over estimated for this section of the country and says that he gets a larger return from the common biennial white clover.

The men were taken to the house where they spent some time robbing Mr. Meyer's trees of ripe peaches. Mrs. Meyers added much to their feast with ice cream.

Roy A. Kinniard, county farm agent said this afternoon that this was one of the best field demonstrations that has been held in Nodaway County.

18 MEMBERS OF SHENANDOAH CLASS HERE YESTERDAY

Young Men's Organization Came to Visit Dr. Fred Keller's Class

Two hundred and sixty-one College men and women attended yesterday morning at the Electric Theater the meeting of the College class of Dr. Fred Keller of the First Christian Church. This is the record attendance for the class, which has been gradually growing ever since the opening of the summer school, when it was announced that it was the largest in the history of Maryville.

Eighteen boys from the young men's class of the Christian Church at Shenandoah, Ia., drove here in a motor truck to visit the College class. The boys did not arrive in time for the meeting of the class but attended the preaching services. After the preaching services the College class and the visitors went to the College park, where they had a picnic dinner and a social time. The dinner was arranged for by a committee of the class. Folding chairs had been taken to the park and everyone was comfortable. After the dinner was served a program was given as one of the entertainment features.

Things went fine until the rain came up and then the boys started back to Shenandoah and the College folks scurried for their homes.

A program was given at the meeting of the class in the morning. It consisted of music by the class orchestra, under the direction of Ferd Masters, singing led by Mr. Allison, a student in the College, whose home is at Lathrop, Dr. Keller's lecture on the lesson and an anthem directed by Price Doyle, choir director at the church. At the church services the middle section was reserved for the students.

The Shenandoah class was accompanied by its teacher, Sherbey Leavitt, and Mrs. Leavitt.

Those attending the dinner, in addition to the members of the class and the Shenandoah class were Mr. and Mrs. Leavitt, the Rev and Mrs. R. E. Shodgrass and family; Dr. and Mrs. Keller and daughter, Jean; Prof. and Mrs. E. W. Glenn and family; Prof. and Mrs. A. J. Cauffield, and Mr. and Mrs. Price Doyle.

The officers of the College class are: President, Miss Nellie Lowry; vice-president, Miss Iva Lape; secretary, Miss Nellie Moody, and treasurer, Clifton Smith.

NEEDS OF "YOUNG AMERICA"

European Critic Thinks That Youth of Great Republic Suffers From Too Much Freedom.

George Santayana, famous philosopher and writer, in an article written especially in the Forum on "America's Young Radicals," says:

"I have made a severe effort to discover as well as I may from a distance what these rebels want. I see what they are against—they are against everything—but what are they for? I have not been able to discover it. This may be due to my lack of understanding or to their incapacity to express themselves clearly, for their style is something appalling. But perhaps this scandalous failure in expression, when expression is what they yearn for and demand at all costs, may be a symptom of something deeper; of a radical mistake they have made in the direction of their efforts and aspirations. They think they need more freedom, more room, a chance to be more spontaneous. I suspect that they have had too much freedom, too much empty space, too much practice in being spontaneous when there was nothing in them to bubble out. Their style is a sign of this; it is not merely that they have no mastery of the English language as hitherto spoken, no clear sense of the value of words, and no simplicity; that they are without the vocabulary or the idiom of cultivated people. . . . No, it is not more freedom that young America needs in order to be happy; it needs more discipline."

Barnard Visitors Here

Editor and Mrs. John E. Rush and two children, Jacqueline and Max, of Barnard who came to Maryville yesterday to visit at the home of Walter Williams, near here, were unable to return to Barnard on account of the high water.

Distribution Service and Agriculture

OVER 10 great agricultural states of the Middle West, the far-flung distribution system of the Standard Oil Company (Indiana) is rendering an essential service to 30 million people.

The immense value of this service may be visualized when it is known that more than one-half of the farms in the states served are equipped with automobiles. The Census Bureau report on this point is as follows:

Indiana	46.4%
Illinois	53.0%
Michigan	40.2%
Wisconsin	49.6%
Minnesota	57.1%
Iowa	73.1%
Missouri	31.0%
North Dakota	56.7%
South Dakota	69.4%
Kansas	62.0%
Average	53.8%
Average for U. S.	30.7%

In other words, the need for gasoline and lubricants, in percentage per farm, in the states served by the Standard Oil Company (Indiana) is nearly twice that of the United States as a whole.

On the farm, petroleum products are an absolute necessity. The farmer is preoccupied with his task—the mighty task of raising food for the world. He must have petroleum products when and where he needs them.

The Standard Oil Company (Indiana) is prepared to give a dependable, always-on-the-job service which the exigencies of farming demand. 6600 tank wagons are in operation this summer of 1922. These tank wagons make deliveries to the farmer's door. When necessary they serve him in the field—at his work. They reach him at dependable intervals and serve him with dependable products. Only a vast, centrally administered organization could render this effective type of service.

ELMO WINS FROM WILCOX BY SCORE OF 1 TO 0

Three Hits Were Secured by Both Sides—Elmo Has Won 11 Out of 14 Games

Elmo won the ball game yesterday afternoon when they defeated the fast Wilcox team by a score of 1 to 0 at Elmo. This game was playing off a tie game. The game was one of the fastest played this season. Three hits were the total gathered by both sides coupled with nine strike outs. The batteries: Wilcox, Layman and Tobin; Elmo, LaMar and Huffstutter.

The Elmo team has won eleven games out of fourteen played this season. LaMar, their pitcher, has 100 strike outs to his credit. J. C. Piper is the official score keeper for the Elmo team.

Clarinda will meet Elmo on the Elmo grounds Sunday, July 16.

A number of boys who had gone to White Cloud, eight miles southwest of town to play baseball Sunday afternoon, had to walk about three and a half miles to town when the car they were in would not run. The colored boys of Maryville played the White Cloud team yesterday and the score was 11 to 0 in favor of the colored boys when rain put a stop to the game. These boys arrived in the city about 6:30 o'clock, with not a dry spot on them.
